WHY HP GENUINE ACCESSORIES?

Expand the capabilities of your computer with HP's range of accessories. Whatever you need to enhance your workflow and make life easier. Whether it's a Docking station, more memory, a higher quality graphics card or more security, HP has got the solutions you need for a more productive business.

- The Best at your disposal anytime, anywhere
- A Lifetime Experience - a wide range of options fulfilling all your mobility needs
- HP Genuine Accessories

HP ERGONOMICS SOLUTIONS
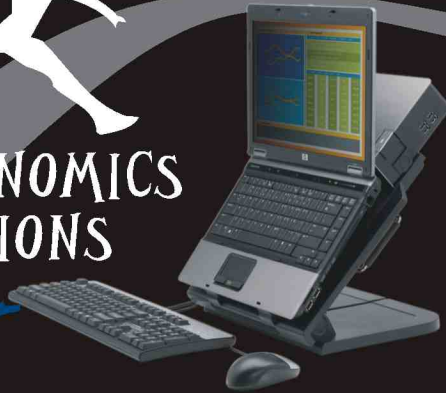

HP is not just about computing technology. We invest in improving work productivity too! HP is focused on comfort-based designs to improve your computing experience.

We are dedicated to understanding the relationship between computer use and discomfort, fatigue, musculoskeletal disorders, and eye strain. We apply the knowledge learned from scientific research to design and produce products and education intended to improve your comfort.

Your problem		Our Solution
Eye fatigue, blurred vision	-	HP Adjustable Flat Panel Monitors
Wrist pain, stressed hands and arms	-	HP Keyboards with zero-degree slope
Inflexible posture during notebook usage	-	HP Adjustable Notebook Stand
Inconvenience of touchpads Lack of privacy while working,	-	HP External Mouse Soulutions
hunching over screen	-	HP Display Privacy Filter

HP ADJUSTABLE NOTEBOOK STAND

Combine it with your HP notebook PC, an external keyboard and a mouse to achieve the functionality and comfort of an HP desktop PC - without the need for a separate monitor. The stand provides expanded notebook display adjustability that enables you to work easily within your personal comfort zone.

HOW THEY HELP:
It enables you to adjust your notebook display height and tilt, so your head is balanced comfortably over your shoulders.
Find multiple comfortable postures in which to move over time use as usual when mobile and with light work loads reduce muscle loads and visual strain during intense computer work at the office.

EXPERT ADVICE
Experts recommend that your entire display be positioned below your horizontal line of sight.
When seated in an appropriate height chair and work surface, you will be able to do so with your HP Adjustable Notebook Stand. In addition, the stand has the flexibility to adjust easily when you and others are sharing the PC.

Choices of products and flexible, upgradeable support packages

Products
- Email Filter for controlling spam and other threats
- PC Tracing services for your PC security and privacy

Advanced support
- ADP* (Accidental Damage protection) support
- CCI^ (Consolidated Client Infrastructure) support

Extended duration
- 3 year
- 4 and 5 year breakers
- post-warranty pack

Enhanced coverage
- 24 x 7 coverage
- 9 x 5 next business day

Faster response Time
- 4 hr Same Day Onsite response
- 8 hr response

HP DISPLAY PRIVACY FILTER

When working on the go with confidential material, notebook users may have to hunch over to block the screen from prying eyes. Not surprising most business travelers admit to looking at another person's screen. It can be a hassle looking for seats that offer privacy users may need to settle for unpleasant corners. Now with a little help from us, get set to work without those prying eyes!

Available in sizes 12.1", 14.1", 15.4" and 17.1".

This privacy filter hides your screen data from others without blurring or distorting your display – or distorting your posture!

Work confidently whenever and wherever you need to, even in crowded, constrained or limited spaces such as hotel cafés and in-flight environments.

HOW IT HELPS:
The filter narrows the viewing angle of your notebook display so that data is visible only to you. Maintain security and privacy as people beside you can only see a dark, blank screen.

Most HP notebook PCs (except 2710p) come with integrated slots to hold the custom-fit filter. The filter slides in easily and can be left inside your closed notebook at all times. Slide it out just as quickly when you need to share the display.

HARD DRIVES

A varied choice of SATA, SCSI and SAS drivers (multiple sizes available). They give you faster data transfer speeds, more bandwidth and better data integrity. Plus the benefit of better airflow and cooling to keep you up-to-speed.

SATA (NCQ & SMART IV)

- SMART (Self Monitoring Analysis & Reporting Technology)
- NCQ (Native Command Queuing)
- Faster data transfer speeds
- Better airflor cooling system
- More bandwidth and better Data integrity

HP DOCKING SOLUTIONS

Create an ideal desktop computing experience in a mobile environment using ergonomic docking stations that provide the convenience of port replication cable management, expandability and enhancing your productivity.

Allows you to connect to power, peripherals and the Internet with a single cable.

Advance Docking Station
with 120W AC Adapter
EN489AA#ACJ/KP081AA#ACJ

- HP Basic Docking Station plus:
- Extra 2 USB ports & ExpressCard slot
- Includes MultiBay slot (expandability)

HP 2700 series Ultra Slim Expansion Base
GD229AA

Basic Docking Station
with 120W AC Adapter
EN488AA#ACJ/KP080AA#ACJ

- Ports and connectors include USB (4) VGA, Audio, Ethernet
- Integrated slim DVD/RW Drive
- Features on energy efficient 65W Smart AC adapter that guards against power fluctuations with integrated surge protection

- BNB port replication & cable admin
- Port Replication
- Cable management
- Power on/off switch
- Hot Docking

ACCESSORIES TO MAXIMISE YOUR PRODUCTIVITY

HP Workstations are built to push the limits of your creativity. These powerful, robust systems can handle practically any type of demanding computing tasks. To go with the powerful HP Workstations you havea choice of devices to enhance your productivity.

Get an easy grip on 3D work.
HP SpacePilot and 3Dconnexion SpaceNavigator accelerate and streamline all your interactions in 3D space. You move the controller cap to simultaneously pan, zoom, and rotate on the fly – without stopping to select commands. The advanced pressure sensing technology in the 3D mouse makes it a virtual extension of your body. Using a 3D mouse is completely natural and highly intuitive.

High Performance Drives
Serial ATA NCQ Hard Drives maximize performance by providing faster data transfer speeds, better system cooling airflow, more bandwidth, more headroom for speed increases in future generations and better data integrity.

Graphic controllers and Devices
Designed to handle modeling, animation, and 3D review for DCC and visualization requirements. While delivering next-generation multi-display capabilities to professional applications.

HP BATTERIES

Stay productive on the road, in the air, and away from home with the attached HP Extended Life Battery or HP Ultra Capacity Battery to your notebook. Now you can get upto 24-hours additional battery life and enhance your productivity.

HP Ultra Capacity (12 cell) Battery
with 120W AC Adapter
EJ092AA#UUF

Just snap it on any of the HP Business Notebooks with a travel battery connector & triple your battery life up to 15 hours

HP Extended Life (8 cell) Travel Battery 4200/4400
PB993A/AJ359AA

Just snap it to the back of any of the HP Business Notebooks with a travel battery connector & double your battery life up to 8 hours

HP 8-cell Primary Battery
for PB994A

Replace your old battery to give optimum battery life with HP original battery

HP (Pack of 50) 5.25" Blank Bazel Kit
DC177B

HP Silver Flat Panel Speaker Bar
EE418AA

Speaker systems give you rich, distortion-free full audio for unparalleled listening.

HP Flat Panel Quick Release
EM870AA

HP USB DEVICES

Store and transport high capacity files without the hassle of carrying your notebook around. Convenient and lightweight, the HP USB digital drive is small enough to fit in your pocket yet large enough to contain your critical data.

MULTIMEDIA

Enjoy stereo sound right at your fingertips with the sleek and compact HP USB Powered Speakers.

USB External Floppy Disk Drive
DC361B

Expandability when you need it

- Designed for easy desktop placement
- Enjoy optimal stereo from DVDs, CDs and digital audio
- Power volume and tone controls conveniently located on right speaker
- Uses one USB port for power, so external adaptor is not required

HP USB Powered Speakers
KK912 AA

HP 4GB Pendrive
NA401PA#ACJ

HP 8GB Pendrive
NA402PA#ACJ

Convenience of keeping your data handy
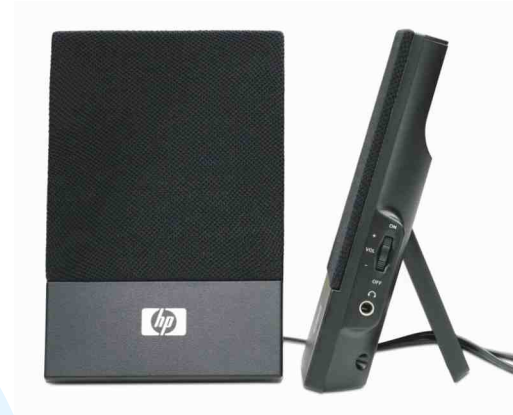

Rich, distortion-free full audio for unparalleled listening.

I/O ACCESSORIES

Improve your productivity by inexpensively converting your notebook into a desktop PC with USB and PS/2 peripherals or with wireless options that are portable enough to take with you, but still functional enough to keep you working while on the road!

HP 2nd Serial Port Adapter
PA716A

HP Bluetooth® PC Card Mouse
Prefer using a mouse rather than a touchpad? Get wireless freedom with all the benefits of an optical mouse and smooth, accurate performance with no batteries to replace. The HP Bluetooth PC Card Mouse charges and stores neatly inside the PC card slot of your HP Business Notebook.

HP FireWire / IEEE 1394 PCI Card
PA997A

HP (SFF) PCI Riser Card
PD824A

HP USB Optical Travel Mouse
RH304AA

HP Bluetooth PC Card Mouse
RJ316AA

Optical mice deliver accurate cursor movement and superior performance.

Compact for easy travel but big on features and functionality

HP (USDT) PCI Riser Board
ED247AA

HP USB Keyboard/Mouse Bundle
RC465AA#ABA

Add comfort and convenience to your notebook with mice and keyboards
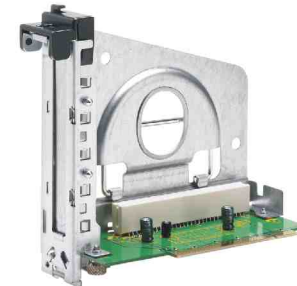

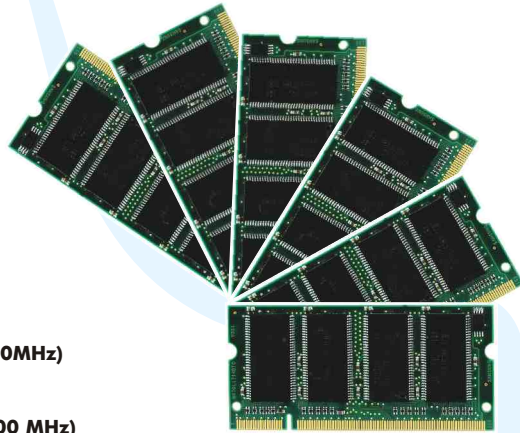

HP NOTEBOOK MEMORY

Designed and tested to ensure optimal compatibility and uses the latest technology to ensure that your notebook operates at optimal performance. Increased memory allows the notebook to process information more rapidly, thus making you more efficient and productive.

COMMUNICATIONS

A managed system with robust secure networking via Gigabit NICs can transmit alerts, sending status or failure information to the remote management console.

- Deliver an instant warning to the remote management console when an out-of-limit environmental condition is detected, such as high temperatures or voltage, or fan failure.
- System components can issue alerts if the system detects a security issue such as a chassis intrusion, a missing processor or the use of an invalid password.

SECURITY DEVICES

Choose from a wide range of security options that secures your PC to the desk and keeps your data safe.

HP SECURITY ACCESSORIES

Need to protect your notebook from theft, tampering, or unauthorized use? With one turn of the key, the HP Security Locks secures your notebook. Plus you have a host of privacy options that keep those prying eyes away from your notebook.

HP (SFF) Solonoid lock
PT839AA
HP (CMT) Solonoid lock
DE618A

Solonoid Lock enables remote locking or unlocking of the PC chassis over a network
• Protect your desktops systems with specially designed solonoid cover locks
• Turn on or off using remote software

HP-Kensington Security Lock
PC766A

Protect your computing assets with a simple, effective lock that also secures your input devices and prevents removal of cables at the back of the PC
• Physically locks the chassis cover to the chassis
• Clamps the keyboard and mouse cables at the same time landscape orientation

Wall Mount Security Sleeve
for dc7600/7700/7800
GF344AA

Wall-mount Security Sleeve securely mounts a PC to a wall or beneath the desktop
• Mount PC on the wall, under or on top of your desk
• Lockable system within the housing with a Kensington lock or chassis security loop
• Increase your desk space and security

HP USB Biometric Fingerprint Reader
EM717AA

Reduce reliance on passwords by using biometric fingerprint technology
• Verifies user identity via recognition of fingerprints
• Works with HP ProtectTools Security Module Eliminate need to maintain password
• Log you on and get you surfing right away with just the touch of your finger.

HP Targus Defcon Numeric (4 Digit) Lock
GBO76PA#UUF

HP STORAGE ACCESSORIES

HP MultiBay technology increases your notebook's flexibility and expandability through an innovative modular design that supports a second hard drive or multiple optical drive options including DVD+RW.

HP 250 GB Pocket Media Drive
FE477AA

- Extend the life of your HP Business Notebook by providing additional storage
- Easy low-cost back-up solution without burdening network resources
- Switch drives between most HP Business notebooks
- Warm swappable
- High speed USB 2.0 data transfer
- Power/drive activity LED indicator
- USB powered, no AC adapter required

Primary HDD
Conveniently backup and share your data
AH920AA/AK072AA

Key Benefits
- Extend the life of your HP Business Notebook by providing additional storage
- Easy back-up solution without burdening network resources
- Switch drives between most HP business notebooks
- Warm swappable
- High speed SATA data transfer
- Power/drive activity LED indicator

Service and support
- One-year limited warranty. Additional support is available 24 hours a day, seven days a week by phone as well as online support forms.

HP WORKSTATION ACCESSORIES

HP has an array of accessories that are designed, engineered and tested specifically to go hand-in-hand with your HP Workstation. Boasting reliability, compatibility and performance, together they help achieve the kind of productivity that makes your business successful.

2400/2500 Series Docking Station
EQ773AA#ACJ

- Docking for nc2900/2500 series
- Cable management

Monitor Stand
PA507A

- Support upto 21" CRT Monitor
- Full desktop performance when bundled with docking

Adjustable Monitor Stand
PA508A

- Raises Notebook to comfortable eye level
- Enables to use two displays at once

I/O DEVICES - 3D MOTION CONTROLLER

Working in 3D has just become easier and more efficient with an HP SpacePilot Intelligent Controller, which combines refined sensing technology, extendable speed keys, and ergonomic design to give you 3D control, speeding up your design work -faster than you ever thought possible.

**HP SpacePilot USB
3D Input Device**
EF390AA

**HP space Explore USB
3D input Device**
RY429AA

SpacePilot also features 21 speed keys that increase your efficiency. When you intuitively push, tilt, or twist the control cap, the response is immediate.

HP USB Optical 3-Bluettoth Mouse
DY651A

Glad to finally get your hands on a state-of-the-art HP business notebook?

You'll be happy to know you can do much more with it. HP provides accessories to give you peace of mind whether you are at home, at work or on the road, helping you work more efficiently and effectively with:

Batteries
Keeping you powered up whether on a plane or in all day meeting.

Security solutions
Protect your investment and your valuable data with HP's security products.

Removable optical and storage
Increase your notebook's flexibility and expandability by allowing you to swap devices depending on your mobile computing need.

System Memory
Helping to make you more efficient and productive.

Input solutions
Improve your productivity by inexpensively converting your notebook into a desktop PC.

Chargers and adapters
The perfect travel solution as it keeps you powered no matter where your travels may take you.

Notebook carrying cases
Designed to protect your investment with quality construction, style and features..

Docking solutions
Desktop convenience with full port replication in a space-saving design.
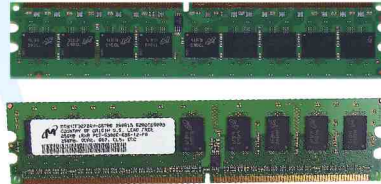

HP MEMORY

Only HP Memory modules are warranted to keep your HP Workstation within specified temperature, power and acoustic limits. This is because only HP uses the Brutal 3-Axis Testing of memory modules, testing that exceeds the range of customer environmental conditions. It means rock solid reliability for you.

HP ADJUSTABLE FLAT-PANEL MONITORS

FOR xw4400

HP 512MB(1x512MB) DDR2-667 ECC Memory
PV940A

HP 1GB(1x1GB) DDR2-667 ECC Memory
PV941A

HP 2GB(1x2GB) DDR2-667 ECC Memory
PV942A

Extend the life of your PC and improve its performance by upgrading its memory. For a fraction of the price of a new system, a memory upgrade eliminates annoying performance lags, speeds up your applications, and lets you run more software programs. HP offers a variety of memory configurations to meet your specific needs.

FOR xw6400/8400

HP 1x1GB DDR2-667 ECC FBD Memory
EM160AA

HP 2GB(1x2GB)DDR2-667 ECC FBD Memory
EM161AA

HP 4GB (1x4GB) DDR2-667 ECC FBD Memory
EM162AA

- Faster start-up times with fewer delays during routine operations
- Toggle smoothly between several open applications
- Ease of use for ISV software applications that demand a lot of memory bandwidth

HP LCD flat-panel monitors provide superior adjustability for a more comfortable viewing experience. Customers of all sizes and ages can find multiple comfortable postures.

HOW THEY HELP:

Their range of adjustability for height, swivel, pivot rotation, viewing distance and viewing angle allows you to suit your personal comfort zones throughout the day. They are light in weight and easy to adjust without asking for help or using accessories (like monitor 'lifters', phone books). HP Flat-panel monitors are compatible with third-party adjustable arms.

HP TOTAL CARE

HP Total Care has been created to effectively and efficiently meet different customer expectations and provide your support not just in time of need but also offer your products and services to pre-empt any downtime.

Here are some examples of how HP TOTAL CARE Services address the various customer concerns:

- HP global support infrastructure provides continuous and efficient issue resolution in over 143 countries
- 8 x 5 call centre
- 24-hr web support
- Travel HP Care Packs provide support in 52 countries (notebook products only)
- 67,00 easy to access, friendly and competent IT support professionals provide prompt diagnosis and problem resolution
- Access to technical bulletins and spare parts supply

HP warranty and range of support services
HP's basic and upgradeable warranty packages offer customers responsive support and repair services. With this, they can enjoy peace of mind even after office hours.

HP KEYBOARDS WITH ZERO-DEGREE SLOPE

6° 12°
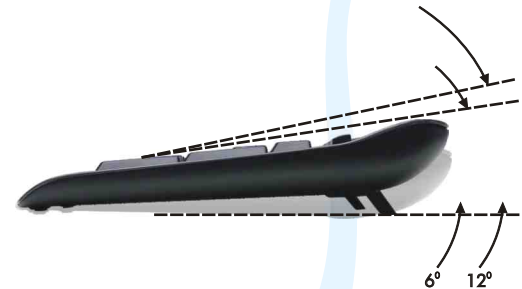

Normal PC Keyboards offer only tilted positions of 5 degrees or more (without a flat, zero-degree option) may not offer enough adjustability for all of your staff to maintain comfortable wrist postures. Also, they do not cater to changing hand/wrist/arm positions when different users share the computer. A stiff wrist is a common problem for regular computer users and can end up in no work!. Not anymore!

HP keyboards introduce expanded slope adjustability allowing for improved wrist and forearm posture and comfort.

Studies suggest that typing with a keyboard set in the flat zero-degree position may lead to improved wrist postures and may increase wrist comfort.

HOW THEY HELP:
The keyboards can sit upon the desks at either zero-degree (flat), 6-degree or 12-degree slopes through the use of the keyboards' tilt legs. You can quickly and easily adjust the keyboard slope to maintain a comfortable wrist posture.

Our range of external mouse solutions blend convenience with flexibility to fit the various work habits and personal comfort zones of ultra mobile performers.

Work in different locations and adapt more easily to changing furniture settings, without compromising on the comfort of your arm/wrist/hand and body posture.

HOW THEY HELP:
Throughout the mobile workday, you have more flexibility to find your comfort zone as you adjust your arms to click, drag or scroll wherever you are. Benefit from having more options use the touchpad in tight spaces (such as on a plane/train) or during quick tasks switch to the external mouse during intense computer work or when sharing the screen.

HP USB 2-Button Laser Mouse (FH062#ACJ)
- Laser Technology works on various surfaces. e.g., glass table at cafe, glossy coffee table at hotel lobby, textured work table at factory.
- More exact and responsive to your movements.
- Energy savings with better low power and low voltage settings.

HP USB Optical Travel Mouse (RH304AA)
- Compact and light for a handy on-th-road solution.
- Connects to standard USB port for 'plug and play' convenience.
- Compatible with all notebooks with USB support.

HP Bluetooth PC Card Mouse (RJ316AA)
- Lightweight HP Wireless optical mouse with innovative "Credit card" shape and size-no cables or USB dongles
- Transport inside your PC card slot as the notebook power charges it for upto 10 hours use-always ready the minute you are!
- Integrated "kickstand" offers excellent comfort and usability.
- Bluetooth allows control from across the room during presentations; or viewing screen data while sitting back in your chair.

Work Fast Work Efficiently, with HP Genuine Accessories. A perfect office solution from HP.

When your time is important, and you need to be more productive, the Perfect Office from HP can show you the way. HP Accessories deliver real benefits to help you work more efficiently and effectively by:

Increasing your productivity. It's easy to multi-task with the HP notebook PC's dual-display fuctionality when combined with an HP TFT monitor - view and work on multiple open documents and applications.

Improved ergonomics. The HP Adjustable Notebook stand lets you adjust your notebook to your eye-level for a more natural and comfortable working position.

Improved hardware security. The integrated Kensington lock system gives you security every time you dock your notebook detering theft and making you feel a little more secure.

Improved workspace convenience. Dock your notebook to the docking station and you are automatically connected to your ethernet, USB, monitor, keyboard and mouse. One press of a button and you are off and away without having to power down.

Get more from your investment. In addition to security features, sharing resources of the docking station makes hot-desking easily available to all your staff on the run.
